The [SOFTECHMATRIX website](#) has been overdue for a facelift for quite a while now. Although we really liked the graphical aspects of the layout, we where aware of the fact that our relevant information was not quite clear to visitors. Well, this is now fixed. The primary focus of the new layout is on making our various services more visible. Besides this the new layout is also considerably faster because less graphics where used. Overall the layout 'feels' much more modern  .
