

XOOPS got antivirus! - YAXS

NEWS\_PDF\_AUTHOR: Feneex

NEWS\_PDF\_DATE: 2005/12/24 19:26:04

Presenting for all Xoops'ers review new site of distributors of [F-Prot Antivirus](#) products in Lithuania.

Purpose: to present those simple yet effective products with the clean and clear web site.

Modules used: News, WF-Channel, MyPage, ~100 lines of custom PHP code. That's all.

Site design and functionality had to be within the general F-Prot guidelines - but the more original parts were heavily influenced by Aston, 7dana themes... With the new sites promise a bit more of original design 🏠

SEO: very basic easy implement tricks found in xoops.org forums.

So, have comments? Post them below. Got viruses in your machine - [download anti-virus](#) trial versions now (basic knowledge of lithuanian needed 🧐)!!!
