

WVU-P CIT/IS Program from Nuke to XOOPS! - YAXS

NEWS\_PDF\_AUTHOR: JMorris

NEWS\_PDF\_DATE: 2006/1/4 3:25:32

It has taken several months of planning and a few weeks of designing, configuring, coding and migrating data, but as promised, it is finally here! Announcing the new and improved WVU-P CIT/IS Program website!

<http://cit.wvup.edu/>

We migrated the old CIT program site from PHP-Nuke to XOOPS over the past few weeks. The migration went smooth and was relatively painless.

Classes begin on January 9th, so while we're putting the finishing touches on the site, we thought we would present it to the XOOPS community in hopes of getting some feedback.

Best Regards,

James
