Well am happy enough now to show my new site. Completeyl dedicated to all forms of Underground Dance Music. Xoops was the perfect solution for the site we had in mind and I am very impressed with the outcome.

Also a very big thanks to Xoopsdesign for the wonderful work they have done on the theme.

It pays to have a good theme when you get users emailing me to say how much they love the new look site. A few niggly problems to sort like the "Invalid Submission Error" (stumped!!!) but I am very happy with what we currently have.

Therefore if you like ANY form of Underground Dance Music, this site is for you.... I hope
