

XOOPS Survey for marketing research project - News

NEWS_PDF_AUTHOR: wtravel

NEWS_PDF_DATE: 2006/1/23 17:40:00

XOOPS started a marketing research project with a group of students from the HES School of Economics and Business. One of project's goals is to find out what the community and visitors to the XOOPS site think of the product in general, and how XOOPS can be improved. For this purpose a survey has been created.

Both XOOPS and the students in the project group count on your assistance in this research, which should lead to a better XOOPS.

We hope you will take some time to complete this survey, which you can find at <http://www.createsurvey.com/c/31498-ygF1kD/>

Extra information:

Rating question with 1 - 5 only should be interpreted as 1 being the lowest rating and 5 the highest.

Some questions have an optional character but were created as mandatory, when you wish not to answer them just put "N/A" as an answer or something similar.
