

HerkoCoomans.net reopened to the public - YAXS

NEWS_PDF_AUTHOR: Herko

NEWS_PDF_DATE: 2006/1/30 13:51:53

After a long time of being closed for reconstruction, I've finally found a bit of time to actually do the work. Now I'm happy to show everyone the result: www.herkocoomans.net.

This website is nothing special, it's my weblog and personal digital playground, sandbox, testing range and experiment.

The site is powered by XOOPS (of course), running on 2.2, with the excellent Wordpress 2 module, Liaise, WF-Channel and SmartPartner.

Let me know what you think 😊
