

FreeContent v1 for XOOPS v1 RC3 - Modules

NEWS_PDF_AUTHOR: onokazu

NEWS_PDF_DATE: 2002/6/6 19:44:15

Because there were many requests for an updated version of this module, and was unable to contact the author, I have updated it so that it is compatible with XOOPS RC3.

The original author of this module is Stefan SIBSERAG Oeser at <http://coding.sibserag.de>

Download it from [here](#).

You want to integrate your old html-pages, your latest script, or simply an disclaimer into your Xoops powered site?

Now there is an solution! FreeContent.

FreeContent wraps your pages into the xoops design including the left sideblocks.
