

EU VAT module available - Modules

NEWS_PDF_AUTHOR: chippyash

NEWS_PDF_DATE: 2006/2/27 12:33:34

EU VAT provides a simple block to allow users to check an EU VAT number. It also provides a developer interface for doing the same.

[Download](#) and read the install.txt file for installation instructions and documentation

You must have CDM installed first. This is available from this site or from <http://xoops.net>
