[Mednick Online Networks](#) is proud to announce the birth of two new PC gaming fansites to join the network!

[Company of Heroes Planet](#) is another in the [Relic Entertainment](#) and [THQ](#) supported fansites - this one dedicated to the upcoming WWII Real Time Strategy title [Company of Heroes](#). Who woulda guessed it?!

[Mark of Chaos Planet](#) follows [Dawn of War Planet](#) as the second MON fansite to promote the popular Warhammer™ universe. In development by Black Hole Entertainment and [NAMCO](#), this RTS promises huge battle scenarios while not skimping on detailed eye-candy at the hand-to-hand combat level.

Please stop by either of these new additions at your convenience. Big thanks to the XOOPS team for a reliable, secure and highly customizable CMS that enable MON to contribute so much to the PC gaming community.
