

CSS theme xf 2Col blue grey - Themes

NEWS_PDF_AUTHOR: studioC

NEWS_PDF_DATE: 2006/3/12 2:51:59

This theme was running on the [DEMO](#) site for some weeks and is now packed for download. You can use the header image if you want, it's a photo i made on a journey with my boys. Like the other themes on xoopsfactory it is very easy to change colour and images, if you know a bit CSS and xHTML. Follow [THIS link](#) for more information and download.
