Third Eye Software is proud to offer 0.70 version upgrade to the Subscription Module for XOOPS.

This version is a pretty large update. Below is a small list of new functionality in the release.

- Module preferences integrated into admin.
- Payment gateway preferences integrated into admin
- Live payment gateway installation.
- Revoke subscriptions from admin.
- Subscription expiration reminders
- Paypal subscriptions/recurring billing Integration.
- New Installation Documentation.
- ... and many bug fixes.

All users will have to upgrade the core module and all payment gateways. The payment gateway upgrade will be free and fully supported for those who have generously subscribed to this site.
