

Icecast2 Authentication - Modules

NEWS_PDF_AUTHOR: Arricc

NEWS_PDF_DATE: 2006/3/25 20:35:10

I've just realeased the first version of my Icecast2 authentication module for Xoops over at the dev forge.

Authenticate listeners of your Icecast2 streams against your Xoops database.

Features:

- o Allowed listenting Groups
- o supports icecast2 timelimits
- o Customisation of icecast headers
- o A Block listing all known streams
- o Should be able to it use with multiple icecast2 servers.

Download it [here](#)
