[New version of TS-MyStartup 0.3](#)

If you were waiting for this version to install on your Xoops 2.0.x version then now is the time to download it.

Version 0.3 is ONLY for Xoops 2.0.x and allows the web site administrator to redirect groups of users to specific modules after they login.

It is only available on the Dev.Xoops.org site for now :
<http://dev.xoops.org/modules/xfmod/project/?ts-mystartup>
