I am extremely proud to announce that my "offspring" [PanhandleGateway](#) is the recipient of **The American Association of Webmasters GOLD Award** for April 2006.

PanhandleGateway is my first (but not last) website using Xoops v2.2.4. A lot of learning, time and hard work went into creating this website. At times, my son didn't know who I was when I came out of my office.

I want to thank the **Developers** of each module I use for creating such a work of "art" and functionality and the **Members of Xoops** who helped me with every question I had along the way. Without the support from Xoops, I don't think I would have been able to create such a website.

Thank you Xoops Community!
