[Kurak_bu](#) has released his first module: **AboutU** (About You).

What's this?

It is a simple module which creates 3 pages:

- *About Us*
- *Contact Us*
- *Tell a friend*

So far you can only customize the "About Us" page in the admin section.

Compatible with:

It is compatible with Xoops 2.0.x versions.

(It was not tested on Xoops 2.2.x tree since that version is not recommended for production websites)

You can see it on:

[motorower.net](#) [website in polish language 🇵🇱]

(the module itself is of course in english language)
