MyAlbum_Rand - Modules

NEWS_PDF_AUTHOR: Chris03

NEWS_PDF_DATE: 2006/5/18 15:16:21

I decided to modify the MyAlbum module to support random file names (Harder for people to hotlink etc etc, also stops people from going 1.jpg, 2.gif, 3.jpg) into there browser and viewing all your images randomly.

Also has anti-hotlink features aswell :)

Let me know what you think!!

Download Here
