

XHTML/CSS themes - Themes

NEWS_PDF_AUTHOR: DuGris

NEWS_PDF_DATE: 2006/6/3 10:44:17

Here a series of 7 themes xhtml/css derived in 3 versions

Compatible Xoops 2.0.14

The characteristic of these themes is to propose the blocks with different forms without background images and especially without Javascript.

These personalized blocks result from : [Krazy Korner](#)s

You can see these themes at : <http://www.dugris.info>

And for download it's : [HERE](#)
