The Pod Ship Takes Its Maiden Voyage

The Pod Ship is an Intergalactic Podcasting Directory based on the power of XOOPS.

Using Happy Linux's weblinks module as its core, the site is designed as a community-driven guide to podcasts in dozens of categories.

Solid Silver Flex theme designed by BCOOL

You're invited to join us on our auditory journeys. If you maintain or know of a podcast that you'd like to see in the directory, feel free to add it to our list. No registration is required to add your link.
