The XOOPS development team is pleased to announce the release of XOOPS 2.0.14.

This is mainly a maintenance release containing a lot of bugfixes, but it also provides many enhancements implemented to lessen the gap between the 2.0, 2.2 and 2.3 branches.

You can download it from the [2.0.14 release notes page](#)
And the [full change log](#) is available.

Please read the release notes carefully before installing/upgrading your site.
