

Omnetwork Theme #2 with Flash header - Themes

NEWS\_PDF\_AUTHOR: hardyvoje

NEWS\_PDF\_DATE: 2006/7/19 21:29:52

Another Xoops theme from OMnetwork.net

This theme has integrated Flash menu, adjustable with simple text editor via menusetup.xml file, so you don't need Macromedia Flash installed.

Upload files from **theme** folder into **yoursite/themes/om2** folder.

All source files included: PSDs and FLA.

Fell free to use FLA to create similar menus for your themes!

Use theme on any way you like, no omnetwork's signature required.

Overview:

Header lookup:

Flash menu demo: (it will be zoomed, but you can catch the point :) )

<http://www.omnetwork.net/tutimages/menuprev.swf>

(you'll have to copy'n'paste link, because hotlink protection)

Download theme here:

[Omnetwork.net download page](#)

You'll have to register for free.

With registration you'll get access to 250+ royalty free images and other downloads.

Hope you'll like it!
