

Artemis: donde el arte se contempla bajo otra luna - YAXS

NEWS_PDF_AUTHOR: AlejandroMal

NEWS_PDF_DATE: 2006/7/20 2:00:49

[Artemis](#): **donde el arte se contempla bajo otra luna** is a mexican (for now only spanish) site about Art and Culture.

The design is inspired on Piet Mondrian and developed by [AracNet](#) and the XOOPS version is 2.2.3.

Any comments are welcomed and we are open to invite spanish writers or artists interested in Arts & Culture, mainly Mexico based (for now, but hopefully we will open this to english soon).
