Hello,

We just wanted to inform all the theme designers that we have opened a new affiliate store for authors to be able to submit their themes and get paid.

Our store will be featured on all the major script dircetory sites including hotscripts.com.

As an author you will be able to upload/edit/delete your themes from the site.

Collect payments and contact/edit/print your customers information.

When you get a chance check us out. We will do everything in our power to help you sell so you can spend your time doing what you do best....design themes.

Thanks.
