I am happy to announce the release of Administration Theme for the eyes, this can change **calming green** design for XOOPS administration with xoops 2.0.15.

You know **GREEN** is the most restful color for the human eyes. (@.@)

Here you can see a screenshot of the administration:

**GREEN** is the easiest color on the eye and can improve vision.

It has a calming effect on the nervous system, making it a popular color for hospitals, waiting rooms and programing room.

Thank you for a great community and XOOPSer!!

Best regards,
