

A hack for LDAP support - Modules

NEWS\_PDF\_AUTHOR: hrac

NEWS\_PDF\_DATE: 2002/7/26 13:09:26

Hi,

I've written some code to login XOOPS with LDAP authentication. It is in very early development stages and needs to do something manually but I think it is worth to publish and it gives some idea.

You can download it following location:

<http://www.kasapoglu.org/modules/mydownloads/viewcat.php?cid=1>

Best regards  
Hirac Kasapoglu
