Here we are with the voting for the **XOOPS Site of the month contest October 2006**.

For we decided to make it available only after registration on xoopsfactory, we want to make it a bit more interesting for those who will take some minutes, visit the nominated sites and fill out the voting form.

From all submissions we will determine 2 by coincidence which will get a link from our startpage (which is actually a PR7) to their website (which is in their profile) for four weeks. So remember to keep your profiles up to date.

If there are any ideas to attract more people, your welcome! Sponsors are welcome too with ideas for nominated sites and voters!
