

xoopseditor package 1.01 is released - Modules

NEWS_PDF_AUTHOR: phppp

NEWS_PDF_DATE: 2006/11/30 18:10:00

xoopseditor provides a collective of editors for XOOPS: textarea, dhtmlarea, dhtmltext, FCKeditor, koivi, ...

Main updates in the release:

- 1 dhtmltext - auto detection of flash dimension
- 2 dhtmltext - site-wide wiki syntax
- 3 FCKeditor - auto verification for upload path

Download and details: [WYSIWYG editors for XOOPS](#)

xoopseditor provides a collective of editors for XOOPS: textarea, dhtmlarea, dhtmltext, FCKeditor, koivi, ...

user guide:

1 check the files xoops_version.php under /xoopseditor/ to make sure it is newer than your current ones

2 upload /xoopseditor/ to /XOOPS/class/ => /XOOPS/class/xoopseditor/:

XOOPS/class/xoopseditor/dhtmltext
XOOPS/class/xoopseditor/dhtmltextarea
XOOPS/class/xoopseditor/FCKeditor
XOOPS/class/xoopseditor/koivi
XOOPS/class/xoopseditor/textarea

3 configure preferences where applicable

3.1 ./dhtmltext(all editors)/language/: make your local language file based on english.php

3.3 ./dhtmltext(all editors)/editor_registry.php: set configurations for the editor: order - display order in case editor selection is used, 0 for disabled; nohtml - works for non-html syntax

3.3 ./FCKeditor/module/: copy the files to the modules folders in case module specific upload permissions, storage and editor options are required

3.3.1 ./FCKeditor/module/fckeditor.config.js: for editor options, you usually don't need to change it

3.3.2 ./FCKeditor/module/fckeditor.connector.php: to specify the folder for file browsing (and uploading storage) => XOOPS/uploads/XOOPS_FCK_FOLDER/, the folder is required to create manually

3.3.3 ./FCKeditor/module/fckeditor.upload.php: specify upload permission and uploading

storage

3.4 XOOPS/uploads/fckeditor/: to create the folder if FCKeditor is enabled, used for uploads from where the upload folder is not specified

4 check file names: for filename case sensitive system, make sure you have the file names literally correct, i.e., "FCKeditor" is not identical to "fckeditor"
