Rising Brotherhood, a French-speaking guild of World of Warcraft is proud to present at this beginning of new year their new Xoops Web site!

After long work on all module template, the site is finally open to the public! I will let you discover this original design.

<http://www.risingbrotherhood.com>

The adventure of this site just begins and opens the door to new module development like a Raid Manager and a new Teamspeak Manager Modules based on the libacts2 library (php5).
