Hello everyone,

I am pleased to announce the grand opening of yet another XOOPS 2.0.16 wireframe site. This site has quite a number of new, to me, theme functions and capabilities including opacity.

Please visit the site at:

<http://jvalley.net>

**Sign our Guest Map** while you're there. Let me know if you find any bugs or have other suggestions to help me improve this XOOPS site.

Happy XOOPSing
