Here comes one Square Experiment theme by Omnetwork.
There are many gray rectangles with strong orange rollover effect created by CSS. Theme is lightweight cause every except main header image is CSS driven.

Enjoy in another free xoops Omnetwork theme release!

Don't forget to put links in menu squares!

If someone wants to help me:

I just can't figure out how to take out outer border and it's rounded corners around blocks :)) It seems that I'm missing something!
