

Themecentral releases V-Autumn Theme! - Themes

NEWS\_PDF\_AUTHOR: chapi

NEWS\_PDF\_DATE: 2002/8/6 13:08:15

TC coremember brumie (<http://www.vipixel.com>) offers a real cool theme, called V-Autumn, to the TC community for free!

This new theme has some nice rollovers, graphical blocktitles and a real warm colorsheme, which is easy on the eyes. It runs on a 100% width and is a light wight theme, so it loads fast.

This theme is available for Xoops V1 RC3, Postnuke .71x and Phpnuke 5.6. Phpnuke version was done by axxxcel and the Xoops version by me. You will find them as always in the TC Exclusive section.
