That's it. On development but almost finished. XOOPS rock solid again, using latest (2.13) Smartsection, a Multimenu, Formulaire, TinyContent (GIJoe "clanable" modification) and Contact module combined with Security Image to avoid SPAM.

In fact, all info could have been managed with Smartsection and avoid TinyContent, but it's too late now for if to change. TinyContent + Dreamweaver is a good combination for corporate info.
