We have created a legal funny download site within one hour with Xoops. We're only using News 1.53 and Xmmemberstats modules. With 2 simple module and a very simple but powerfull template we builded our ste in one hour with Xoops 2.0.15. It showed us that we could build lots of professional looking xoops sites in a day. See our site Xoops is powerfull[HERE](#)

Xoops is powerfull to make large content sites and very easy to create small sites with litle content just in a day. As you can see on our funny site www.buporttakal.com is very simple but SEO and vision is perfect.
