[XooFoo.org](#) - Kris Productions proposes a new theme "Wanderer" based on the theme template [Mor.pho.GEN.e.sis 1.1.2](#) for "Pâques" to you.

This theme is valid XHTML 1.0 Transitional and CSS 1.0/2.0.

You can download thz theme at this [address](#), and visualize in action [here](#) or on [there](#).

Concerning the various themes which I propose, I invite you to look at the code of the files CSS to discover there the multiple tips of personalization of the class. The finality being to make you progress in the realization or the adaption of themes for Xoops. For all questions (in French or English) about these topics or the Mor.pho.GEN.e.sis gauge you can go on the forum of the [XooFoo.org Laboratory](#) or [Xoops France](#).
