

xsGallery V1.2 Released - Modules

NEWS_PDF_AUTHOR: Anonymous

NEWS_PDF_DATE: 2007/4/14 16:31:36

xsGal is a simple image gallery with lightbox effect. It generate thumbnails of images inside a particular folder (and sub-folders) and show them in an organized way.

xsGal 1.2 features:

- Added display images per page (thanks to [optikool](#)).
- Corrected style.

Language Packs:

- ??Arabic, german, french, polish, english, portuguese, italian and spanish.
- Thanks to all translators. 😊

Demo: [click here](#)

Download: [click here](#)

Enjoy! 😊
