No one had noticed that, but the Xoops project is more than 5 years old now! Happy Anniversary XOOPS !

Moreover, many ask where does Xoops come from and where it goes. Like [last year](#), I've updated the graphics that can help you to better understand where Xoops comes from and successive evolutions of the product from 2001 to april 2007

"So here it is. What is it? It's a XOOPS Timeline depicting (sort of) the main dates in the development of this amazing product."

--> A good way to make a flashback through our project.
