

XtremGuestbook v1.02 - Modules

NEWS\_PDF\_AUTHOR: xtremdj

NEWS\_PDF\_DATE: 2002/8/12 14:52:59

The last version of my module is now released.

Changes are only minor changes because the other needs to break the sql table and an upgrade script.

Here are the new fonctionnality

- Add preview option before posting.
- Add an EDIT button on each posts for directly edit messages.
- Add a confirmation screen for deleting messages
- Uses of the new XoopsPageNav class for displaying by pages. the file is included into the packages for users who have an old version of xoops rc3
- Languages : french, english, nederlands, spanish, chinese, italian... 🙏 (Thanks to all)
