ZZP Pool is a Dutch firm which brings building contractors and construction workers together.

My customer wanted to be able to change content and news, that's why I choose Xoops as the framework.

The site uses a self-made theme with the following modules:

- MultiMenu
- TinyContent
- TinyEditor
- News
- Liais

Please visit <http://www.zzp-pool.nl> to check it out (The site is in Dutch).
