At long last and by popular demand, [MyXoopsExtensions 3.0.3](#) has finally arrived for Dreamweaver CS3 - and it is jam-packed full of goodies for everyone, advanced users and newbies alike! For the first time ever MyXoops brings you a revolutionary addition to this already comprehensive theme development suite by integrating many common XOOPS tags in Design View for seamless theme display - now you can design compelling graphical interfaces visually as you fine-tune your code and CSS, without variable statements junking up your workflow.

Take a look: This version of MyXoopsExtensions blows previous versions out of the water with features and functionality - while previous versions were comparatively small at under 60KB, this tool box comes in at nearly 5MB! That's 5 megabytes of smarty tags, block positions & variables, if and else statements, code snippets and pure XOOPS-Theming pleasure. Three months of work and countless hours of research all come beautifully together in this exciting

We are proud to serve the XOOPS community with this powerful theme creation utility and for a limited time we will be offering this much anticipated version of MyXoopsExtensions for an introductory price of only \$20.00 in the [MyXoops Shop](#). After you try it out, please let us know what you think!
