NEWS_PDF_DATE: 2007/10/5 21:21:18

Imac_k is a 3column XOOPS theme

Theme has drag&drop&collapse functions on the right and left column, all states are cookie driven so they maintain state on site navigation.

Imac_k also have a docked menu (fisheye) at the bottom which can be easily configured. On its far right side you will find "theme by aphex" stamp wich is **forbidden** to remove without prior consent by me.

Package includes the header PSD for personalization.

Theme can be viewed in action [HERE](#)

Theme can be downloaded [HERE](#)

Enjoy
