Konya is the biggest city in the turkey. www.konyaninsesi.com is a news site of konya. We make it by xoops.

we use 20 xoops modul and koivi editor. and we give this modules and editors to our wisitors for download. the turkis xoopser can download all modules we used on site. But all of them are turkish. So they are for turkish xoopser. And if you download you have to register on www.konyaninsesi.com. download link: [HERE CL?CK](#)

but to see forum and dowload lin yo have to register and login and an answer..

We give our all modules turkish.

AMS Smartkose yazarlari CBB article etc..

All of them are last version.

sorry for my poor english
