

Smokeless community using Xoops - YAXS

NEWS\_PDF\_AUTHOR: SMPOST

NEWS\_PDF\_DATE: 2007/11/14 3:52:26

This is more for encouragement really, we've been using Xoops for many years. Since the 1.3x series, and in 2004 adopted the 2.x series. We use a handful of modules, CBB, shoutbox, news, gallery for xoops to name a few.

Xoops has always been a part of our site, since day 1. I love what you can do with it, so keep up the great work! It's served us well. 🙏
