

XtremGuestbook V1.1 - Modules

NEWS_PDF_AUTHOR: xtremdj

NEWS_PDF_DATE: 2002/9/3 8:46:21

Here is the new version of my guestbook

New fonctionnality are :

- New fields : NOTE , which allow webmaster to add a note on each guestbook message
- Possibility to moderate or not the guestbook, which seems this modules should be use for many other things than a guestbook
- Multiples bug corrections.

For upgrading an old version :

Launch this 3 query one by one before having changed your prefix :

```
ALTER TABLE `xoops_xtremguestbook` ADD `note` LONGTEXT AFTER message
```

```
ALTER TABLE `xoops_xtremguestbook` ADD `moderate` TINYINT(1)
```

```
UPDATE xoops_xtremguestbook SET moderate=0
```

Comments, critics or suggestions appreciated 😊 Thanks a lot to all guys who help me to traduce.
