Tiny Blocks (for XOOPS 2.2* ONLY) - Modules

NEWS_PDF_AUTHOR: Dylian

NEWS_PDF_DATE: 2008/3/29 6:20:00

```
====================================
Tiny Blocks 1.0 (for XOOPS 2.2* ONLY)
====================================
```
Install:
 + Make BACKUP of your modules/system/ directory
 + Upload the tinyblocks and system directory's to your server,
 + Overwrite all existing files,
 + Update the system module,
 + Install tinyblocks as a normal module.

Functions:
 + Make blocks with Tiny Editor,
 + Edit your created blocks with Tiny Editor,
 + Delete your created blocks,

Errors (Bugs):
 + If you turn on PHP Debug then you get an error. (This doesn't matter.)

**Requirements:**
 **+ XOOPS 2.2***
 + Tiny Editor

Credits:
 + Made by DM Software Development (http://www.dylian.melgert.net).
