We are extremely happy to announce that **Onokazu, the Founder of XOOPS** is returning to XOOPS 🎉

He will be joining us as the very first member of our newly established **XOOPS Advisory Board!**

The XOOPS Advisory Board will include respected and well known individuals, who will be helping us with strategic direction for XOOPS.

And we couldn't think of anybody more deserving to be the first member of the XOOPS Advisory Board than the Founder of XOOPS - Onokazu!

In his response to our invitation, [Onokazu](#) stated:

Quote:

You guys seem to be doing great recently, and I would like to help the project in any way I can if possible.

We strongly believe that no project can be truly successful without recognizing the role of past Founders, so this is a very happy time for us to get re-united with Onokazu.

Creating the XOOPS Advisory Board is just one of the many things that we are working on to make XOOPS the best CMS around, and with all of the XOOPS community members working together, we can certainly look forward to a very bright future for XOOPS.

May the Source be with you!!! 🎉
