a new block for xoops:
With this block you can see the total files, the numbers of categories which you have, and numbers of time downloaded!
there is also a scrolling with activated or not according to your desires with the recent files, and the files more download with the numbers of hits and obviously the bond for go above!
Thank you in Kyex for the blow of hand
The block is multilanguage, French and English!
It is visible on Inconnueteam in the left-hand column if you want it in telechargement?? let it to me know ok
