Sometime in the next two weeks we expect the first **Beta release of XOOPS 2.3**, with hopefully an official release not far away.

In order to get ready for the official release of XOOPS 2.3, we would like to have some new marketing materials supporting the release.

What we are looking for are:

- screensavers
- banners (Flash and animated GIF)
- wallpapers
- other ideas?

hopefully in a consistent look and feel.

We are looking for fresh, fun, and creative ideas.

Please help us in making a "marketing splash" with the XOOPS 2.3.

To discuss the competition, submit your designs, suggest new marketing materials, please go to [this thread...](#)
