The Comptoir des Médias is proud to announce the release of Goffinet Décoration : magasin de décoration intérieur's website

This website is composed of the following modules:
- News : for actu and promos
- SmartSection : for catalogs and products presentation.
- Edito: for general informations
- Google Map : shop localisation
- Liaise : contact form
- Multimenu : website navigation and sitemap
- And plenty other administration modules like: myReferer, I-Stat, Popgen, Xoopscare, Cryptox et TinyEditor...

Big thanks to each and every developers who have contributed (we all know who they are 😁)...

Original theme is from Tony, Ouais, ça marche.

A particular big thanks to the company Instant - Zero (and especially to **Hervé**) to his contribution to this project.

The website is available through :

- http://www.goffinetdecor.be
- http://www.goffinet-decoration.be
