

Foundation For Human and Humanitarian Rights - Lebanon - YAXS

NEWS_PDF_AUTHOR: mariane

NEWS_PDF_DATE: 2008/9/1 21:50:00

im so glade to announce you that <http://www.fhhrl.org> (Foundation For Human and Humanitarian Rights - Lebanon) is built with xoops.

Again xoops prove without any doubt that it can be the best solution for any kind of websites.

in this website i use :

- wfchannel 1.07 to create mission , objectives and most pages of the web
 - xcgai (my favorite module ) is choosen to show the training pictures made by the foundation
 - my downloads : helped me to store different reports, themes,and campaings
 - with contact i made a small application form to let pple sending their suggestions and comments to the foundation
 - the latest news module has been choosen to wrote multiple articles and studies of the foundation
 - my links shows some friends websites
- and finally the xtcad to show events dates in the foundation

regarding the theme : the original one was UltraViolet Purple V2

<http://www.xoopsdesign.com/modules/news/article.php?storyid=61> but for some necessities i changed colours, width, and bullets to be compatible with the official colours adopted by the foundation.

i accept all your comments and suggestions to make this website more professional and friendly use

thank you for your support

again im proud to use xoops in all my websites

im so glade to announce you that <http://www.fhhrl.org> (Foundation For Human and Humanitarian Rights - Lebanon) is built with xoops.

Again xoops prove without any doubt that it can be the best solution for any kind of websites.

in this website i use :

- wfchannel 1.07 to create mission , objectives and most pages of the web
 - xcgall (my favorite module 🏆) is chosen to show the training pictures made by the foundation
 - my downloads : helped me to store different reports, themes, and campaigns
 - with contact i made a small application form to let pple sending their suggestions and comments to the foundation
 - the latest news module has been chosen to write multiple articles and studies of the foundation
 - my links shows some friends websites
- and finally the xtcalendar to show events dates in the foundation
