The XOOPS Development Team is working on a new design of XOOPS back-end (Administration Area) interface and we are in the process of investigating user experience. It is very important to find out what you think about XOOPS, and use the results as a guide in our redesign work. We hope that you can help us in this process by answering 66 short questions in our survey. The survey is totally anonymous **To help us, please [click here...](#)**
