

Xoops Showcase at OSCOM - Developer News

NEWS_PDF_AUTHOR: malexandria

NEWS_PDF_DATE: 2002/9/23 12:03:38

Hey everyone,

Xoops is coming out of the "shadows", and "hitting the road!" This week, I will be presenting Xoops at the Open Source Content Management <http://www.oscom.org/conferences/berkeley2002/program.php> At the University of Berkley, this Thursday at 2pm.

I will be part of a panel along with Gregor a former developer from PN, showcasing our two systems. Come and check out the panel. On Friday we will present my website EclipseMagazine.com as a case study on Community Management and implimentation.

If you ever wanted to find out how to use Xoops to impliment a large community, or know how to market and build your community, this is the workshop for you. During the workshop, I will answer any question you have regarding running and manage community based sites.

Michelle A.

Hey everyone,
